

## Webinar Replay & Chat Room Contents March 3, 2020

A free benefit of being a member in the International Speaker Network is to be able to attend these monthly webinars - including getting to hear expert speakers from around the world!

**March 2020, we heard from Angela Hall, on What to Do on Your Website to Build an Awesome Speaker Presence.**

On this webinar, we had a very lengthy discussion about some key things speakers need to have and do on your website these days if you want speaker bookers to take you seriously and if you want them to contact you.

The graphic is a green-bordered box. On the left is a portrait of Angela Hall, a woman with short blue hair and glasses, smiling. To the right of the portrait, the text reads: 'Angela Hall Presents What to Do on Your Website to Build an Awesome Speaker Presence Webinar Tuesday, March 3 2020 5pm - 6pm'. Below this is a white box with the 'International Speaker Network' logo and website URL.

Our speaker, Angela Hall with <https://www.ThatHelpfulChick.com>, and I also gave tips on website layout, hosting and functionality in general plus ONE member got a live hot seat about what she could do to improve her website. Everyone in attendance said they got ideas for their own sites too so go listen back to this one if you're a speaker, author or entrepreneur of any kind! 00:36:57 Russ Mathews: Do you recommend speaking being one offering on your website with other products - or do you have a separate website entirely dedicated to your speaking?

00:47:26 Barbara Ellison: you mentioned keeping your speaker page not cluttered. Does that apply to a regular website as well?

00:50:44 Russ Mathews: I am hosted at Hostgator....but my website is just using the free website hosting tools. Though I just need a 'brochure' no one is contacting me through the website, so I probably need Angela / Kat to help me.

00:56:44 Mila Johansen: My new website is [milajohansen.com](http://milajohansen.com)

01:02:04 Angela Hall: for collecting emails - a lot of people go with MailChimp (because it's free) but it is not the most user friendly. If free is a priority at the moment, MailerLite is a better option
